East Broward Dental
Burak Taskonak, D.D.S

Cancellation and No-Show Policy

Office hours are by appointment and we do value your time. Appointment time is reserved for you alone. Where appropriate, we prefer to schedule longer appointments so we can complete as much needed dental treatment as possible during one appointment. We feel this type of scheduling will cause minimal disruption to your daily schedule and will provide efficiency in completing your dental care. When you make an appointment, please be sure that you will be able to keep it. Morning appointments may be best for more complicated procedures.

Emergencies and unforeseen patient treatment problems may arise, causing schedule changes. Emergencies are unexpected and seem to come at the most inconvenient times. If you have a dental emergency that needs immediate attention, we will always offer to see you at once. We expect that other patients who might be slightly inconvenienced by this will be understanding of the situation. At some point, they may need the same courtesy too!

Like many offices, this office does call to confirm your appointment; we send e-mails and text messaging as well, where you can opt in. Please make a note of any dental appointments we have scheduled in a place where you will be easily reminded. If you cannot make an appointment as scheduled, please notify the office.

There will be a charge of \$35 for a broken appointment or cancellation with less than 24 hours' notice for your appointment. If our staff is successful in filling your appointment time with another patient, there will be no broken appointment charge.

NOTICE OF PRIVACY PRACTICES

Protecting Your Confidential Health Information is Important to Us

Notice of Privacy Practices

THIS NOTICE DESCRIBES HOW HEALTH INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

Our Promise

Dear Patient:

This notice is not meant to alarm you. Quite the opposite! It is our desire to communicate to you that we are taking seriously Federal law (HIPAA—Health Insurance Portability and Accountability Act) enacted to protect the confidentiality of your health information. We never want you to delay treatment because you are afraid your personal health history might be unnecessarily made available to others outside our office.

Why do you have a privacy policy? Very good question!

The Federal government legally enforces the importance of the privacy of health information largely in response to the rapid evolution of computer technology and its use in healthcare. The government has appropriately sought to standardize and protect the privacy of the electronic exchange of your health information. This has challenged us to review not only how your health information is used within our computers but also with the Internet, phone, faxes, copy machines, and charts. We believe this has been an important exercise for us because it has disciplined us to put in writing the policies and procedures we follow to protect your health information when we use it.

We want you to know about these policies and procedures which we developed to make sure your health information will not be shared with anyone who does not require it. Our office is subject to State and Federal law regarding the confidentiality of your health information and in keeping with these laws, we want you to understand our procedures and your rights as our valuable patient.

We will use and communicate your HEALTH INFORMATION only for the purposes of providing your treatment, obtaining payment, conducting healthcare operations, and as otherwise described in this notice.

NOTICE OF PRIVACY PRACTICES

Federal law generally permits us to make certain uses or disclosures of health information without your permission. Federal law also requires us to list in the Notice each of these categories of uses or disclosures. The listing is below.

As Required By Law

We may use or disclose your health information as required by any statute, regulation, court order or other mandate enforceable in a court of law.

Abuse or Neglect

We may disclose your health information to the responsible government agency if (a) the Privacy Official reasonably believes that you are a victim of abuse, neglect, or domestic violence, and (b) we are required or permitted by law to make the disclosure. We will promptly inform you that such a disclosure has been made unless the Privacy Official determines that informing you would not be in your best interest.

Public Health and National Security

We may be required to disclose to Federal officials or military authorities health information necessary to complete an investigation related to public health or national security. Health information could be important when the government believes that the public safety could benefit when the information could lead to the control or prevention of an epidemic or the understanding of new side effects of a drug treatment or medical device.

For Law Enforcement

As permitted or required by State or Federal law, we may disclose your health information to a law enforcement official for certain law enforcement purposes, including, under certain limited circumstances, if you are a victim of a crime or in order to report a crime.

How Your HEALTH INFORMATION May be Used to Provide Treatment

We will use your HEALTH INFORMATION within our office to provide you with care. This may include administrative and clinical office procedures designed to optimize scheduling and coordination of care. In addition, we may share your health information with pharmacies or other healthcare personnel providing you treatment.

To Obtain Payment

We may include your health information with an invoice used to collect payment for treatment you receive in our office. We may do this with insurance forms filed for you in the mail or sent electronically. We will be sure to only work with companies with a similar commitment to the security of your health information.

To Conduct Health Care Operations

Your health information may be used during performance evaluations of our staff. Some of our best teaching opportunities use clinical situations experienced by patients receiving care at our office. As a result, health information may be included in training programs for students, interns, associates, and business and clinical employees. It is also possible that health information will be disclosed during audits by insurance companies or government appointed agencies as part of their quality assurance and compliance reviews. Your health information may be reviewed during the routine processes of certification, licensing or credentialing activities.

In Patient Reminders

Because we believe regular care is very important to your health, we will remind you of a scheduled appointment or that it is time for you to contact us and make an appointment. Additionally, we may contact you to follow up on your care and inform you of treatment options or services that may be of interest to you or your family. These communications are an important part of our philosophy of partnering with our patients to be sure they receive the best care. They may include postcards, folding postcards, letters, telephone reminders or electronic reminders such as email (unless you tell us that you do not want to receive these reminders).

To Business Associates

We have contracted with one or more third parties (referred to as a business associate) to use and disclose your health information to perform services for us, such as billing services. We will obtain each business associate's written agreement to safeguard your health information.

Family, Friends and Caregivers

We may share your health information with those you tell us will be helping you with your treatment, medications, or payment. We will be sure to ask your permission first. In the case of an emergency, where you are unable to tell us what you want, we will use our best judgment when sharing your health information only when it will be important to those participating in providing your care.

Workers' Compensation Purposes

We may disclose your health information as required or permitted by State or Federal workers' compensation laws.

Judicial and Administrative Proceedings

We may disclose your health information in an administrative or judicial proceeding in response to a subpoena or a request to produce documents. We will disclose your health information in these circumstances only if the requesting party first provides written documentation that the privacy of your health information will be protected.

Incidental Uses and Disclosures

We may use or disclose your health information in a manner which is incidental to the uses and disclosures described in this Notice.

Health Oversight Activities

We may disclose your health information to a government agency responsible for overseeing the health care system or health-related government benefit program.

To Avert a Serious Threat to Health or Safety

We may use or disclose your health information to reduce a risk of serious and imminent harm to another person or to the public.

DENTAL TREATMENT CONSENT FORM

Please read and initial the items checked below and read and sign the section at the bottom of form.

Patient Name _____

O 1. WORK TO BE DONE

I understand that I am having the following work done: X-rays X Fillings _____ Bridges _____ Crowns _____
Extractions _____ Impacted teeth removed _____ General Anesthesia _____ Root Canals _____ Other _____

O 2. DRUGS AND MEDICATIONS

I understand that antibiotics and analgesics and other medications can cause allergic reactions causing redness and swelling of tissues, pain, itching, vomiting, and/or anaphylactic shock (severe allergic reaction).

O 3. CHANGES IN TREATMENT PLAN

I understand that during treatment it may be necessary to change or add procedures because of conditions found while working on the teeth that were not discovered during examination, the most common being root canal therapy following routine restorative procedures. I give my permission to the Dentist to make any/all changes and additions as necessary.

O 4. FILLINGS

I understand that a more extensive restoration than originally planned, or possibly root canal therapy, may be required due to additional conditions discovered during tooth preparation. I understand that significant changes in response to temperature may occur after tooth restoration such as temporary sensitivity or pain. I also understand that if my tooth does not respond to treatment with a filling, further treatment such as root canal therapy or crown may be necessary. I realize that fillings are rarely "permanent" and usually require periodic replacement with additional fillings and/or crowns.

O 5. REMOVAL OF TEETH

Alternatives to removal have been explained to me (root canal therapy, crowns, and periodontal surgery, etc.) and I authorize the Dentist to remove the following teeth _____ and any others necessary for reasons in paragraph #3. I understand removing teeth does not always remove all the Infection, if present, and it may be necessary to have further treatment. I understand the risks involved in having teeth removed, some of which are pain, swelling, spread of Infection, dry socket, loss of feeling in my teeth, lips, tongue and the surrounding tissue (paresthesia). That can last for an indefinite period of time (days or months) or fractured jaw. I understand I may need further treatment by a specialist or even hospitalization if complications arise during or following treatment, the cost of which is my responsibility.

O 6. CROWN, BRIDGES AND VENEERS

I understand that sometimes it is not possible to match the color of natural teeth exactly with artificial teeth. I further understand that I may be wearing temporary crowns, veneers which may come off easily and that I must be careful to ensure that they are kept on until the permanent crowns are delivered. I realize the final opportunity to make changes in my new crown, bridge, or veneer (including shape, fit, size, and color) will be before cementation.

O 7. DENTURES COMPLETE OR PARTIAL

I realize that full or partial dentures are artificial, constructed of plastic, metal, and/or porcelain. The problems of wearing these appliances have been explained to me, including looseness, soreness, and possible breakage. I realize the final opportunity to make changes in my new dentures (including shape, fit, size, placement, and color) will be the "teeth in wax" try-in visit. I understand that most dentures require relining approximately three to twelve months after initial placement. The cost for this procedure is not included in the initial denture fee.

O 8. ENDODONTIC TREATMENT (ROOT CANAL)

I realize there is no guarantee that root canal treatment will save my tooth, and that complications can occur from the treatment, and that occasionally metal objects are cemented in the tooth or extend through the root, which does not necessarily affect the success of the treatment. I understand that occasionally additional surgical procedures may be necessary following root canal treatment (apicoectomy).

O 9. PERIODONTAL LOSS (TISSUE & BONE)

I understand that I have a serious condition, causing gum and bone infection or loss and that it can lead to the loss of my teeth. Alternative treatment plans have been explained to me, including gum surgery, replacements and/or extractions. I understand that undertaking any dental procedures may have a future adverse effect on my condition.

O10. I understand that dentistry is not an exact science and that, therefore, reputable practitioners cannot fully guarantee results. I acknowledge that no guarantee or assurance has been made by anyone regarding the dental treatment which I have requested and authorized. I have had the opportunity to read this form and ask questions. My questions have been answered to my satisfaction. I consent to the proposed treatment.
